November 2022

Grace to you and peace from God our Father and the Lord Jesus Christ.

The purpose of this report is to inform you about the activities of the month of November of the year 2022.

Thanks to God the Father and to all of you for the financial and spiritual support for me and for all the brethren in Barinas. Over the course of the month, several visits and Bible studies were conducted teaching on the subject of the offering since some liberal (“institutional”, GC) brothers have introduced a heresy to the various congregations in Portuguesa and Barquisimeto. Brother Agribelto Estevez (Nino) and I have fought against this practice. These liberal brothers have been teaching that the offering is not a commandment so that they can use the money from the offering as they wish. Thank God, we were able to visit these congregations and reverse such teaching, since most of these congregations are newly established and the members are babes in Christ (lit., “tender brothers and sisters”, GC).

I ask for your prayers for all the faithful churches of the Lord here in Venezuela. If God the Father allows it, next year we will travel to different states to continue with the work of defending sound doctrine. I'm attaching photos.

With nothing more, yours in Christ,

Rafael Tovar
